The statistics on the overview page show you the **Literary Agent Tickets** issued and used as well as your free quota.

In the screenshot, 15 LitAg Tickets have already been issued, i.e. personalised and created in the ticket portal.

This means that 13 LitAg Tickets would be subject to a charge (€ 182,07 /ticket).

However, billing will only take place after the trade fair. Only the tickets that have actually been used to enter the book fair are taken into account.

Example:

If 10 of the 15 tickets issued were used, this would mean that 2 of the 10 tickets used would be deducted as a free quota. You will receive an invoice for 8 additional Literary Agent Tickets.
